## 1. Summary Information

The project meeting will take place on Monday and Tuesday, 24-25 September 2018 in Prague in Czech Office for Standards, Metrology and Testing. On Monday the meeting will start around noon (to be confirmed).

The scientific workshop will take place on Wednesday and Thursday, 26-27 September 2018 in Prague in the Czech Technical University.

More detailed information is provided below.

## 2. MRTDosimetry Collaboration Meeting

### 2.1 Date

The collaboration meeting (M27) will take place on Monday and Tuesday, 24-25 September 2018. It is expected that the first day the meeting will start around lunch time and it will finish both days around 5 pm. The exact time will be announced later.

### 2.2 Venue

Czech Office for Standards, Metrology and Testing  
(Úřad pro technickou normalizaci, metrologii a státní zkušebnictví; ÚNMZ)  
**Biskupský dvůr 5**  
110 00 Praha 1  
Czech Republic

GPS: 50°5'27.344"N, 14°26'8.881"E. Link to [Google maps](#).

We booked the largest conference room for roughly 45 people (Figure 1). Nevertheless, we kindly ask you to use [this Google sheet](#) to inform us about your attendance at the meeting in order to know the number of participants. The entrance to the building (Figure 2) is located inside a passage Biskupský dvůr connecting the streets "Biskupský Dvůr" and "Těšnov", close to the entrance to the passage from "Biskupský Dvůr" street (Figure 3, Figure 4). The entrance will be marked by signs with the MRTDosimetry logo.

#### 2.2.1. How to get to the venue

Public transport timetable can be checked [here](#).

- **Station "Bílá labut"** - tram 3, 8, 14, 24. Go 50 m towards the large road bridge and then turn left at the first traffic lights. After 100 m there is an entrance to the passage.
- **Station "Těšnov"** - tram 14. You should see the entrance to the passage right from the station.
- **Station "Florenc"** - metro lines B (yellow) and C (red). If you arrive by line C, leave the station area by an exit with the escalators (do not use the other exit with the stairs). When you reach the surface, you will see a supermarket Billa at your right side. Turn left and go under the road bridge. Then cross the street to its right side (green arrow on Figure 3). Cross again to get to the corner of the house block, turn right and go approximately 100 m to the passage entrance. If you have lost, ask for the direction to "Bílá labut".

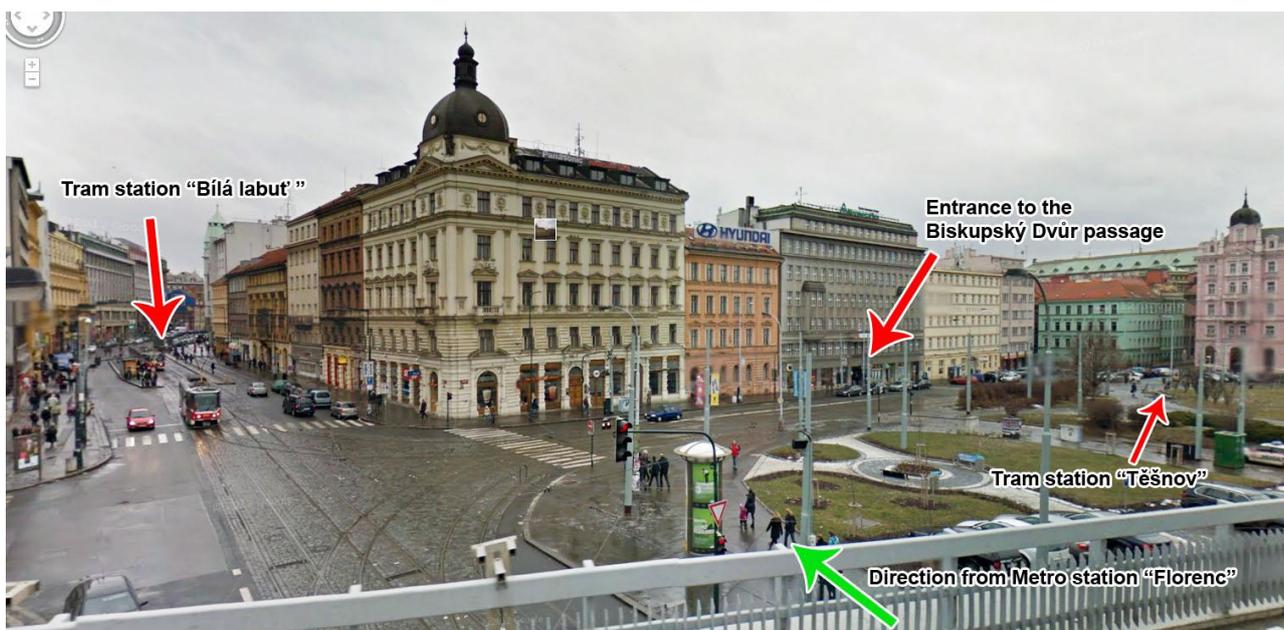

Figure 3: A photograph of the surrounding area of the Biskupský Dvůr passage.

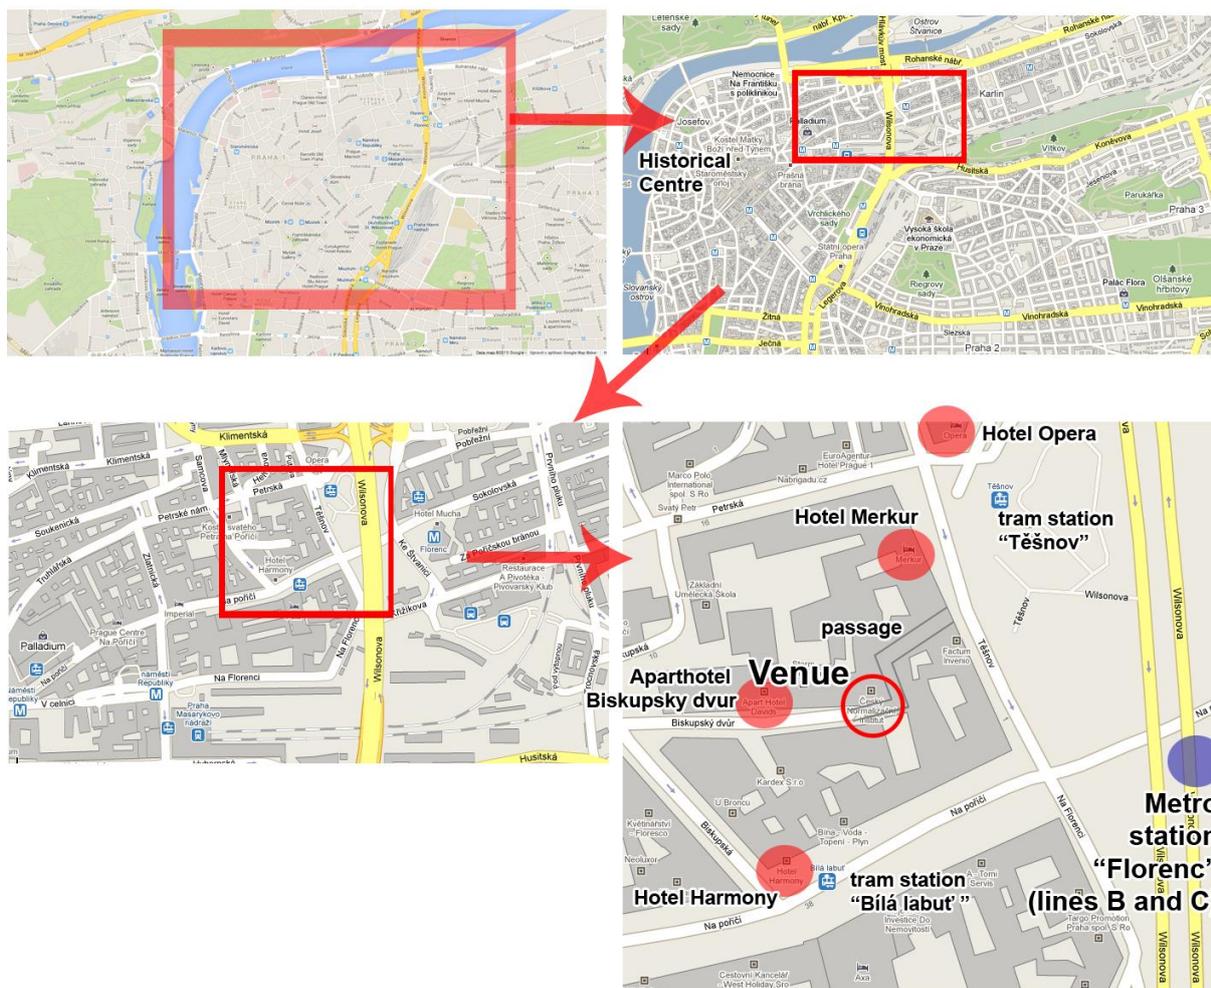

Figure 4: A map of the meeting venue.

## 2.3 Other information

### Coffee Breaks

Refreshment and snacks will be served at the meeting room in the morning and in the afternoon, both standard and vegetarian.

### Lunch

A buffet-style lunch will be served at the meeting venue.

### Social Dinner

The social dinner will be arranged on Monday evening. Please let us know in [this Google sheet](#) whether you plan to attend the dinner.

### 3. MRTDosimetry Scientific Workshop

We kindly ask the project partners to use [this Google sheet](#) to inform us about your attendance at the workshop.

#### 3.1 Date

The second scientific workshop for stakeholders will take place on Wednesday and Thursday, 26-27 September 2018. The time schedule and programme will be announced later.

#### 3.2 Venue

Czech Technical University in Prague – Faculty of Nuclear Sciences and Physical Engineering  
**Břehová 1**  
110 00 Praha 1  
Czech Republic  
([www.fjfi.cvut.cz](http://www.fjfi.cvut.cz))

GPS: 50°5.455570'N,14°24.970168'E. Link to [Google maps](#). The venue is situated near the Vltava river in a walking distance from the historical centre (Figures 5 and 6).

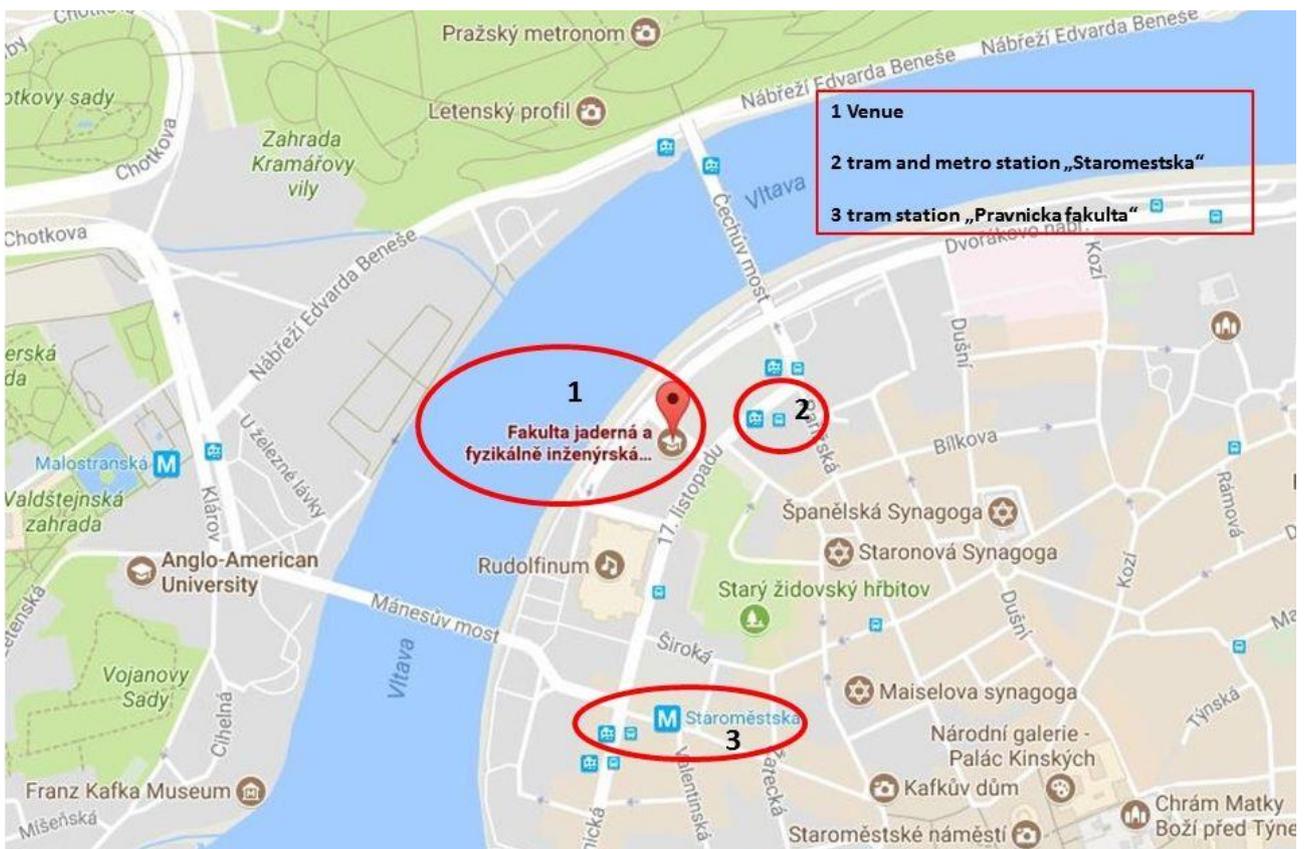

Figure 5: Map of the area of the workshop venue.

Figure 6: Workshop auditorium.

### 3.2.1. How to get to the venue

Public transport timetable can be checked [here](#).

- **Station “Právnická fakulta”** - tram 17
- **Station “Staroměstská”** – metro line A (green) and tram 18. From the station, you can go towards the bridge and then along the river. It is a 5 min walk.

## 3.3 Other information

### Coffee Breaks:

Refreshment and snacks will be served at the lecture hall in the morning and in the afternoon, both standard and vegetarian.

## 4. Transportation between meeting and workshop venues

Public transport timetable can be checked [here](#).

### By walk:

1.6 km, 20 min walk, mostly in more quiet and historical part of the centre but you most likely need a map. You can check [this Google map](#).

### By bus:

There is a direct bus route No. 207 between stations “Bílá labut” (or “Florenc”) and “Právnická fakulta”.

**By metro:** If you prefer to use metro, you can go either by metro line C from “Florenc” to “Muzeum” and then transfer to line A to “Staroměstská”, or by metro line B from “Florenc” to “Můstek” and then transfer to line A to “Staroměstská”.

## 5. Accommodation

There are many hotels in the nearby area because of a close distance to the city centre. The table below shows an example of accommodation close to the workshop venue or close to the meeting venue. The prices of the presented accommodation or an offer for another accommodation can be also checked on, e.g., [booking.com](https://www.booking.com).

Accommodation	Price/night/ single room
<i>Close to workshop venue</i>	
<a href="#">Hotel President</a>	120 €
<a href="#">Rezidence Dlouhá 17</a>	80 €
<a href="#">Hotel Lippert</a>	150 €
<a href="#">Hotel Metamorphis</a>	120 €
<a href="#">Hotel Maximilian</a>	120 €
<i>Close to meeting venue</i>	
<a href="#">Hotel Florenc</a>	90 €
<a href="#">Hotel Mucha</a>	80 €
<a href="#">B&amp;B hotel</a>	120 €
<a href="#">Hotel Bila Labut</a>	150 €

## 6. Prague Tourist Information

### 6.1 Public Transport

Prague public transport is quite comfortable and cheap and you can get practically anywhere you need. The public transport consists of 3 metro lines, and tram and bus lines.

#### **Connections:**

You can search for connections using [Prague Public Transport search website](#) or using [general Public Transport search website](#). There is an interactive map where you can choose a station by mouse if you don't know the station name.

#### **Fares:**

30 min ticket costs 24 CZK, 90 min ticket costs 32 CZK, and 72 hour ticket costs 310 CZK. All tickets are transfer tickets. More information is available [here](#). Tickets can be bought at vending machines available nearly at any station, info centres, tobacconists, and wholesalers. In the bus they can be bought from the driver with an additional fee. More information is available [here](#).

### 6.2 How to Get from the Airport to the City Centre

#### **Taxi**

Taxi to the city centre costs roughly 500 – 750 Kč (20 – 30 €).

#### **Public transport**

By the public transport, the airport is achievable by buses only. There is a bus line 119 to metro station “Nádraží Veleslavín” (metro line A - green) and less frequent bus line 100 to metro station “Zličín” (metro line B - yellow). At the airport, the bus station is just in front of the arrival hall. Don't be

confused that the buses that terminate at the airport go to the same platform as the buses that start there. Carefully watch the signs on the bus and do not board the bus if the signs say “Not to city centre” or something similar.

Tickets can be bought at the [Public Transport information centre](#) in the arrival hall (from 7 am to 9 pm), vending machines at the station (cash required) or from a bus driver (cash required). More information is available also [here](#) and [here](#).

### 6.3 Money Exchange

In the Czech Republic the currency is the Czech crown (CZK or Kč). At present 1 € is equivalent to 25 CZK. If you do not have cash, you can withdraw the Czech currency from ATM machines located at the arrival hall at the airport, or anywhere else in Prague. If you have cash you can exchange money at any exchange office. Be aware that some of them focused on tourists may charge very high exchange fee therefore read the exchange terms in advance. The recommended exchange office is the “[eXchange - Směnárna pro Čechy](#)” located [nearby the Old Town Square](#). You can also print a “[VIP voucher](#)” to get a slightly better exchange rate.

### 6.4 Prague Sightseeing

Prague is full of sightseeing. For example, you can use [this web site](#) as the first information about Prague.

## 7. Contact
